

Nick is selling items at a car boot sale. Some of his items are shown below.

- a) A customer buys an umbrella and a watch. He pays with a £10 note. How much change should Nick give him?
- b) Another customer buys a teapot and a watch. He gives Nick £7. How much change should he get?

- How will I structure my answer?
- How will I display my answer

## Communicate

## Identify

- What is the key information?
- What do I need to find out?
- What method/maths do I use?

## Review

- Have I answered the question?
- Have I checked my work?
