

# Bryn Solution Seeker

A group of fourteen Youth Club members want to attend the Festival of Music.

Five of the members are 15 years old.

All of the other members are under the age of 15.

How much money will the group save by attending the festival on a weekend rather than a weekday?

- How will I structure my answer?
- How will I display my answer

## Communicate

## Identify

- What is the key information?
- What do I need to find out?
- What method/maths do I use?

## Review

- Have I answered the question?
- Have I checked my work?
