

# Bryn Solution Seeker

The children are making biscuits. The profit is for charity.

We are making  
**275** biscuits.

Each biscuit  
costs **8p**  
to make.

They decide to sell the biscuits for 25p each. To make £40 profit, how many of their biscuits do they need to sell?

- How will I structure my answer?
- How will I display my answer

## Communicate

## Identify

- What is the key information?
- What do I need to find out?
- What method/maths do I use?

## Review

- Have I answered the question?
- Have I checked my work?
