

Jake is throwing a party. There will be 24 people there. He wants to make enough sausage rolls and cheesy biscuits to serve all 24 people.

Sausage Rolls  
(serves 12)

600 g sausage meat  
1 small onion  
450 g pastry  
1 egg

Cheesy Biscuits  
(serves 8)

100 g flour  
100 g butter  
100 g cheese  
1 egg

- How many onions does Jake need?
- How many eggs does Jake need?
- Jake finds 200g of cheese in the fridge. How much more does he need to buy?

## Identify

- What is the key information?
- What do I need to find out?
- What method/maths do I use?

## Communicate

- How will I structure my answer?
- How will I display my answer

## Review

- Have I answered the question?
- Have I checked my work?
